Dear Families,

Hope Hall School is working diligently to prepare for the 2020-21 school year.

A re-opening task force has been established to work on plans and scenarios for the re-opening of schools.

On Monday, July 13th, the New York State Department of Health and New York State Department of Education issued guidelines for in-person instruction. The task force is using this information to guide our decision making in order to develop a comprehensive plan for instruction and safety. In addition to this guidance, we are asking all parents/guardians to complete a short survey to gain further input from our community.

Our goal is to be able to open for in-person instruction in September, but will be taking all learning scenarios into consideration to ensure the health, safety and welfare of our students, staff, and families.

Your input and home-life experience is very important to us as we continue to plan and make important decisions. Thank you for sharing feedback on these topics as they relate to the reopening of Hope Hall School in the fall.

Thank you,

Emily McLean
Assistant Principal

Diana Dolce SSJ
Executive Director
