

New Project, Planting Hope, Launches this Spring!

Hope Hall is excited to announce the Planting Hope Project. Inspired by the true story of how in September of 1994 our 45 original students each planted a tulip bulb during our 1st Burying of the I Cant's ceremony; the following spring every single tulip bloomed. Those tulips became a symbol of the growth and change that had occurred in those students during their first year at Hope Hall, and a longstanding symbol to the entire Hope Hall Community that our children and our school would flourish through the unique educational model we were building.

The Planting HOPE Project

26 years later, Hope Hall continues to plant seeds of hope for our students, and as our graduates become successful, contributing members of our society, they bring that hope with them into the community. The **Planting HOPE Project** is designed to help people plant symbols of hope throughout the community by giving them the tools to create their own little garden of HOPE.

Sample Planting HOPE Kit

The 1st ever **Planting HOPE Project**, sponsored by **Barry Culhane & Christine Licata and Tim & Lois Leahy and Friends**, sells Planting HOPE Kits filled with a variety of garden items including seeds, small hand tools, tulip bulbs, gardening tips and more. Funds raised from sales will go directly to student educational and social/emotional programs and services at Hope Hall.

Kits are \$50 each, \$40 for the Early Bird discount. A pick-up event is scheduled for Saturday, April 24th at Hope Hall School, The event will be outdoors, socially distanced with masks required. For more information, contact Event & Volunteer Coordinator, Eboné Creighton at ebone.creighton@hopehall.org or 585-426-5825 ext. 205.

Place your order by April 2, 2021 to secure the Early Bird Discount. Planting Hope Kits make excellent Mother's Day gifts too!
